OTHER DNA TESTS

CALL NOW
1.888.205.2871

We offer a wide range of tests for your convenience.

Call now for a free consultation or to order a test, please use our online contact form or call 1.888.205.2871 One of our caring, knowledgeable case managers will review the information you provide and guide you through the testing process.

MATERNITY DNA TESTING

\$475 CALL NOW

Maternity DNA testing determines whether a woman could be the biological mother of a child. Like a DNA paternity test, it compares a child's DNA pattern with that of the alleged mother to determine how likely it is that the child has inherited the DNA from the alleged mother.

ADOPTION DNA TESTING

VARIABLE PRICES CALL NOW

DDC offers DNA testing services for people involved in adoption. We have specialized services for clients who are going through domestic or international adoptions, are hoping for reunification with biological family members, or are facilitating parental relinquishment and peace of mind.

FORENSIC SERVICES

VARIABLE PRICES CALL NOW

Our forensic DNA services include STR, Y-STR, mtDNA and mini-STR casework, and forensic paternity testing. We also provides case review and consultation services to defense attorneys.

GENETIC RECONSTRUCTION

\$875 CALL NOW

A genetic reconstruction is performed to determine the biological relationship of a child to the alleged father's close relatives.

TWIN ZYGOSITY TEST

\$400 CALL NOW

A Y-STR paternal lineage test determines whether two or more males are related through a paternal line.

DNA MATERNAL LINEAGE

\$395 CALL NOW

A mitochondrial DNA maternal lineage test determines whether two or more individuals are related through a maternal line..

DNA PROFILING

\$195 CALL NOW

A DNA profile is an individual's genetic fingerprint, used for personal security such as in the case of identifying a missing child or future inheritance claims.

DNA BANKING

\$145 CALL NOW

An individual's DNA can be stored in a secure environment so that it is available for a future DNA test if needed.

CELL LINE AUTHENTICATION

VARIABLE PRICES CALL NOW

DDC offers the most comprehensive STR DNA testing available by examining of a panel of 17 highly polymorphic genetic markers plus amelogenin to determine gender, to generate an STR DNA profile that uniquely identifies a human cell.

NATIVE AMERICAN TESTING SERVICES

VARIABLE PRICES CALL NOW

DNA testing can be used to support tribal enrollment or disenrollment cases, as well as protect the tribe's genetic legacy and identity.
